

A group of 60 freshman business students at a large university was surveyed, with the following results:

- 19 of the students read *Business Week*
- 18 read *The Wall Street Journal*
- 50 read *Fortune*
- 13 read *Business Week* and *The Wall Street Journal*
- 11 read *The Wall Street Journal* and *Fortune*
- 13 read *Business Week* and *Fortune*
- 9 read all three magazines

1. How many students read none of the publications?
2. How many read only *Fortune*?
3. How many read *Business Week* and *The Wall Street Journal*, but not *Fortune*?
