Diversity Bingo

Objective:
- To help participants see how much (or how little) diversity is in their group
- To assist participants in examining elements of diversity that are obvious and not obvious

Time:
20 minutes (or longer, depending on discussion)

Materials:
- Diversity Bingo worksheets
- Pens/pencils
- Small prizes (candy, etc.)

Procedure:
- Give each participant a copy of the “Diversity Bingo” worksheet. Ask them to circulate in the room and get people to sign descriptions that apply to them. Students can only sign one description per sheet. When they get a “Bingo” (an entire row or column signed), they earn a prize. They can earn more than one Bingo.
- Give students about ~10 minutes to complete the activity. It is possible that no one will get a Bingo. Pass out prizes to any winners.
- Think-Pair-Share Activity:
  - In 2 minutes, have each student list as many assumptions/stereotypes as they can that could be made about the people who fit these descriptions
  - Have students get in pairs, share their answers, and generate as many more assumptions/stereotypes as they can in 2 minutes
  - Have pairs share one of their assumptions/stereotypes with the group and discuss
# Diversity Bingo

Obtain one signature per block from people who match the description. No one person may sign more than one block, even if they fit the description in multiple blocks.
